Enhance your lifestyle at Affinity with hand-picked meal and grocery delivery services you can find in our new app. MyAffinity is a convenient, easy-to-use app for your smartphone or tablet.

Food

You can access food services by pressing the **Food** button on the home screen. There you will find options for local food services and meal services.

Food Now

- Food delivery is always a great option for those who want to have a restaurant-cooked meal at home.
- For meal delivery, you can press the **Food Now** button. Here you will see options for food delivery apps such as Uber Eats and DoorDash. These services will show you local restaurants that will deliver meals to you.
- For more information about each service, see the service guides.

Groceries

- Grocery delivery is a great option for anyone, especially those who would prefer to have a contactless shopping experience or those with limited mobility.
- For grocery delivery, you can press the **Groceries** button. Here you will see options for grocery delivery services like Instacart. These services will show you local grocery stores that will deliver grocery items that you can browse and buy in the app.
- For more information about each service, see the service guides.

Meal Kits

- Meal kits are a great option for home cooking without the hassle of grocery shopping, portioning, and more.
- For meal kit delivery, you can press the **Meal Kit** button. Here you will see options for the delivery of pre-made meal kits with apps like Hello Fresh.
- For more information about each service, see the service guides.

Frozen Meals

- Frozen meals are an excellent option for those who prefer a simple meal option, with the ability to have healthy, quality meals that only require heating to eat.
- For frozen meal delivery, you can press the **Frozen Meals** button. Here you will see options for the delivery of pre-made meals with apps like Freshly and Icon.
- For more information about each service, see the service guides.
